- U20 Boys/Girls Football Semi/Finals @ GIS

### November 4

- University Visit - Bangkok University International (Thailand)

### November 4-6

- DP Taster

### November 5

- PYP Grace 6 CWW Parent Meeting @ PC

### November 5-7

- No ASAs

### November 7

- American Mathematics Competition (AMC)

### November 8-9

- MUN Conference

### November 12-14

- ASAs Season 2 Start

### November 15

- MC Loy Krathong Celebration (Half-day)

### November 27

- CMAC - Sr. Cross Country Meet #1 @ PREM

### November 28-29

- PYP CWW

## UNIVERSITY FAIRS

What a week packed with university excitement! On Tuesday, many of our Grade 10, 11, and 12 students attended the Career, College, and University Fair at the Shangri-La Hotel. They had the opportunity to connect with over 90 university representatives, discussing admissions, programs, and future career paths.

Then, on Thursday, students visited CMIS to explore international programs offered by leading Thai universities. It was a fantastic week filled with inspiration and insight into the world of higher education!

## NO ASAS NEXT WEEK

Please be informed that there will be no After-School Activities from Tuesday, November 5 to Thursday, November 7, 2024. Dismissal time will be at 3:30 PM. The ASAs Season 2 will commence on Tuesday, November 12, 2024.

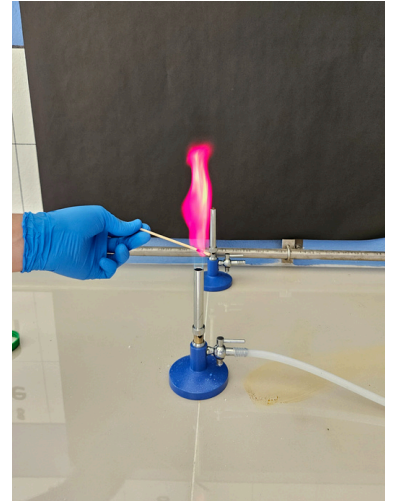

## DP TASTER FOR GRADE 10 STUDENTS

Next week, from Monday to Wednesday, our Grade 10 students will step away from their regular classes to participate in the "DP Taster." This event gives students the unique opportunity to sample each IB course offered in the Diploma Programme. Through this experience, students will gain insights into the courses available, helping them make informed decisions about their DP course selections for next year. We look forward to supporting our Grade 10s as they explore these exciting options!

### COLORFUL FLAME TESTS & ELECTRON CONFIGURATIONS

Our Grade 11 Chemistry students had a blast in the lab today, exploring electron configurations with flame tests. They got hands-on with metal salts like sodium and copper, lighting up the room with colorful flames as each element showed off its unique hue. From vibrant reds to bright greens, they saw how electron energy levels make each metal-salt solution one-of-a-kind. Science in action—and it looked amazing!

### GRADE 6 CWW PARENT INFORMATION MEETING

Dear Grade 6 Families,

Our CWW trip is fast approaching and to help you prepare for this we have arranged with Insight Adventures a Parent Information Meeting. You will have a chance to meet the people who will be accompanying the students on this trip and learn about what your child needs to have ready for the trip.

To learn more about Insight Adventures and the Learning Experiences that they have planned, please join us for a Parent Information Meeting.

Date: Tuesday, November 5, 2024.

Time: 2:30 - 3:30

Place: APIS PC - Auditorium

Please complete the Google Form to let us know if you will be attending the meeting by Sunday, November 3, 2024.

RSVP

### HAPPY HALLOWEEN

Today is our much-anticipated Halloween event, hosted by the MC StuCo! Our students have worked hard to plan a fun and seamless evening for everyone on the Main Campus.

Stay tuned for spooky photos on our Facebook and Instagram, or catch them in next week's Weekly Newsletter!
