Dear Parents and students

We have reached the end of the first semester and now time for a break.

We in residential have the privilege of spending time with your children for which we thank you. We have been

many places, seen many things and experienced many opportunities. Now, you as parents and children have the opportunity to share the greatest gift possible. That is time together to do special things, even if it is just hanging out together. Make the most of this opportunity. Before you know it they'll all be grown up.

Have a happy holiday and a wonderful new year.
